SUMMARY

I am motivated Software Engineering student based in Addis Ababa University with a foundation in programming, software development principles. Passionate problem solver with a track record of tackling complex challenges through code.

PROJECT

Full-Stack Food Delivery Platform

food-delivery-frontend-rdm6.onrender.com/

- Engineered a robust full-stack food delivery platform by architecting modular applications for both customers and administrators, facilitating seamless order management and real-time tracking.

Modern Grocery Delivery Platform

green-cart-three-black.vercel.app/

- Launched a modern grocery delivery platform as a cohesive React application, optimizing user experience with intuitive navigation, seamless checkout flows, and efficient integration of real-time inventory tracking.

AI Powered Blog App

quick-blog-gules-mu.vercel.app/

- A dynamic blog application that leverages artificial intelligence to assist content creation.

EDUCATION

Software Engineering

Addis Ababa University • CTBE

- I am pursuing a degree in Software Engineering at Addis Ababa University.

CERTIFICATIONS

Women Techsters Scholar

Women Techsters Bootcamp • 2025

- The **Women Techsters** initiative is primarily backed by a partnership between [Tech4Dev](#) (Technology for Social Change and Development Initiative) and **Microsoft**

COURSEWORK

Fundamentals of Cybersecurity

Addis Ababa University • 2025

Fundamentals of Artificial Intelligence

Addis Ababa University • 2025

Fundamentals of Networking

Addis Ababa University • 2024

Database Management System

Addis Ababa University • 2024

SKILLS

Soft Skills: Frontend Development, Git, MySQL, Backend Development, Version Control, GitHub, Full Stack Web Development, Web Applications
